COUNTERACTS DEFICIENCY TO ENSURE
OPTIMUM HEALTH AND VITALITY.**

LA225F01

AINTREE™

165 DAYS SUPPLY FOR AN ADULT (500KG) CAMEL

B₁ POWDER SUPPLEMENT

COMPLEMENTARY FEED SUPPLEMENT, RECOMMENDED FOR ANY CAMEL IRRESPECTIVE OF AGE, BREED OR WORKLOAD, PARTICULARLY THOSE SUBJECTED TO PROLONGED OR REPETITIVE HARD WORK OR RACING.

- > CONTAINS **B₁** TO COUNTERACT ANY DEFICIENCIES TO ENSURE OPTIMUM HEALTH AND VITALITY.
- > **YEAST FOR DIGESTION AND ANISEED** INCREASES PALATABILITY.

COUNTERACTING THE EFFECTS OF ACIDOSIS

The camel has a limited capacity to store vitamin B₁ in its body. In addition, the inclusion of barley in the diet can cause acidosis, reducing the levels of 'good' microflora in the hind gut (rumen) which synthesise B₁ naturally. A deficiency of vitamin B₁ can result in a decreased growth rate, loss of appetite and weight, reduced co-ordination and over-excitability.

Aintree B₁ Powder should be fed on a regular basis to counteract these effects, which may be more pronounced in camels in heavy work or racing.

Note: If in doubt about the health or condition of your camel, you should seek veterinary advice.

EASY FEEDING RULE

'AINTREE' FEED SUPPLEMENTS FROM DAY, SON & HEWITT ARE SPLIT INTO 8 COLOUR CATEGORIES TO HELP EASY AND SAFE FEEDING.

YOU MAY FEED ACROSS THE COLOUR CATEGORIES, I.E. YOU MAY FEED ANY SINGLE SUPPLEMENT FROM EACH COLOUR CATEGORY TOGETHER; BUT DO NOT FEED SUPPLEMENTS WITHIN THE SAME COLOUR CATEGORY.

FEEDING TABLE

| FEEDING GUIDE | FEEDING AMOUNT PER DAY | |
|------------------------------|------------------------|-------|
| | SPOONS | GRAMS |
| LARGE CAMEL 600kg + | 1½ SPOONS | 9g |
| ADULT CAMEL 400kg - 500kg | 1 SPOON | 6g |
| YOUNG CAMEL 200kg | ½ SPOON | 3g |

A SINGLE ROUNDED SPOON DELIVERS APPROXIMATELY 6g.
THE DAILY FEEDING AMOUNT CAN BE SPLIT BETWEEN TWO FEEDS IF DESIRED.

THIS PRODUCT DOES NOT CONTAIN INGREDIENTS RECOGNISED TO CONTRAVENE THE JOCKEY CLUB, FEI OR BSI/A RULES REGARDING PROHIBITED SUBSTANCES.

1kg e

Store in a cool dry place away from direct light.
